- Weight without power supply:
KD 5 – 160g
KD 5-2 – 210g
- Operating voltage: 5V DC (power supply included)
- Made in Germany, CE sign

KD 5

KD 5-2

COPYTRON® is a registered trademark of HÖR electronic.

Description:

The KD 5 is a perfect device for all applications where only the number of copies should be counted. The connected copier can be locked or enabled by a switch. This makes the KD 5 the best solution for copyshops. The interim counter can be easily cleared by pushing the reset button. After every reset the total count will be displayed for a few seconds.

For the connection to the copier a standard ISDN cable is used. Two cables with a length of 2,5m and 5m and a connection adapter are included.
