COPYTRON® is a registered trademark of HÖR electronic.

## **General:**

The copy counter KD 3020 is an ideal device for copyshops. It is suitable for colour-copiers by the possibility to set four different prices. If desired the prices can be adjusted in graduations of 0,001 €. The total costs can be displayed at any time.

By keypress the connected copier can be locked or released. The present state will be displayed in cleartext.

The KD 3020 has internal counter for the total volume of sales and for the volume of sales during an accounting period. It has also a counter for each copy-format.

Accessory: device stand (floor, desktop).
